### **Marvin Worthy**

Marvin Worthy's journey of fighting oppression began when he became frustrated by the lack of sensitivity to issues of oppression expressed by his graduate school classmates during a Monday evening class in the spring semester of 1987. He was appalled at the level of ignorance and intolerance demonstrated by graduate students. As the only African American student in the class, Worthy courageously challenged his classmates to examine their attitudes and behavior.

For more than 30 years, Marvin Worthy has been committed to minimizing the devastation caused by a lack of civility and a sense of belonging. As the President and CEO of Worthy Consulting & Training, Worthy has assisted colleges and universities like Penn State, University of Notre Dame, Michigan State University, North Carolina A&T, Carnegie Mellon University, North Park University, Chestnut Hill College, and organizations like Dentsply International, Inc., Franklin County Housing Authority, and Glatfelter Insurance Group in building inclusive educational and workplace communities and culturally competent students and staff. Interacting with thousands of participants per year, Worthy has made it his mission to inspire and motivate his audiences to include not exclude, to accept not reject, and to act not ignore. Often referred to as the "Diversity Contractor", Worthy travels the US and Canada spreading the message of diversity and community to college and universities, school districts, corporations, government agencies, and non-profit organizations to increase awareness, understanding, and acceptance, thereby, creating opportunities to build cross-cultural relationships, brick by brick. Worthy served as the Associate Dean of Students, Director of the Office of Organizational Development and Multicultural Training, and Director of Multicultural Student affairs at Shippensburg University and Assistant Residence Life Area Coordinator for the University of Delaware. During his tenure at these institutions, Worthy was dedicated to transforming students of promise into students of purpose. Worthy created program initiatives like Pennsylvania State System of Higher Education Student-to-Student Leadership Conference, State System Showcase Conference, and Women's Leadership Conference to provide leadership development opportunities for students.
